

Fluxaf Pro-Clean

Fluxaf Pro-Clean is a very powerful, concentrated, alkaline cleaner and degreaser based on various solvents, surfactants. Fluxaf Pro-Clean quickly removes grease and dirt from practically all hard ones surfaces. Fluxaf Pro-Clean is biodegradable. Fluxaf Pro-Clean is one ammonia substitute. Paintwork that has been cleaned with Fluxaf Pro-Clean is not necessary not to be sanded, or only lightly.

What does Fluxaf Pro-Clean do:

- Degreasing
- Cleaning
- Make anti-static

Characteristics:

Fluxaf Pro-Clean is ideal for degreasing, cleaning and making anti-static surfaces before painting.

Processing:

1. Fluxaf Pro-Clean must be diluted with water, the ratio can vary from 1:10 to 1: 100, depending on the pollution.
2. Fluxaf Pro-Clean can be applied with a mist spray, sponge, foam lance or brush.
3. Allow Fluxaf Pro-Clean to work for approx. 1 to 3 minutes.
4. Rinse the surface thoroughly with water.

Pay attention! Always put on a sample first to see if you get the desired finish. This can differ per wood type.

Precautionary measures:

- Wearing proper safety gloves and goggles is recommended.
- If Fluxaf Pro-Clean comes into contact with the skin or eyes, rinse thoroughly with water.
- If swallowed, consult a physician and take the safety data sheet with you.
- Read the safety data sheet beforehand.

Cleaning:

Clean tools with (warm) water.

Technical data:

Technical data	Pro-Clean
pH (undiluted)	13
Smell	Mild
Color	Blue

Available quantities:

1L, 5L & 20L.

Shelf life:

Fluxaf Pro-Clean can be stored for up to 3 years between 5 ° C and 35 ° C in the original, unopened packaging.

Safety advice:

For extensive safety information, consult the MSDS.
MSDS can be downloaded at www.fluxaf.com.
