Wireless smart control: The dehumidifier is equipped with Wi-Fi for extra comfort and to save energy. With the smart app you can start, stop or operate the main functions of the dehumidifier remotely.

Permanent drainage pump: The integrated pump allows the unit to operate autonomously during long periods. Thanks to the pump, you can obtain a difference in discharge height of 5m, avoiding manually removing the empty water tank.

Possibility for permanent water drainage: By fitting a flexible water drainage tube a continuous water discharge can be realized. If done correctly, it will prevent the need for emptying the water container.

Very stylish exclusive Qlima Design: This dehumidifier is part of an exclusive range of Qlima design dehumidifiers. The glossy white colour together with the colourfull blue indication ring presents this model as a revelation in high end aesthetics for household dehumidifiers.

Extremely quiet: In HIGH fan mode: the sound produced by this dehumidifier is so low you will hardly hear it, when using it in a normal living room.This dehumidifier surely is one of the most silent dehumidifiers available in the current market.

Swing function air outlet : The air outlet is positioned on the upper part which is equipped with a movable flap (up / down). In this setup, the air spreads evenly and is particularly useful for drying laundry. The function 'Swing' can also be deactivated.

Hygrostat: The humidity can be regulated via an adjustable hygrostat.

Hygrometer: The unit is equipped with a hygrometer, which indicates the relative humidity in the room.

Large size, removable water tank: For ease of use, the dehumidifier has a extremely large watertank capacity. The frequency of having to empty the tank is significantly reduced, with this large sized water tank.

Water container cover: The water container is equipped with a cover, to prevent the splashing of water when the container is taken out or is transported to the drain.

Automatic switch off: When the water container is full, a LED light will light up. The dehumidifier will automatically switch off.

Power cord storage: The dehumidifier is provided with an easy to use power cord storage option.

24 hour timer: The unit is equipped with a timer function which can switch off the unit at any hour.

Convenient mobility: The unit is equipped with top handle at the top back of the unit. Futhermore, this dehumidifier is equipped with castors (wheels).

Compressor: The dehumidifier has a silent rotary compressor.

Defrost function: The unit is equipped with an intelligent defrost system, for use in lower temperatures.

Back-up system and auto re-start: In the event of a power failure, the unit will remember the settings before power failure.

Full colour box: The unit is delivered compleet with auxiliary parts within a full coloured box, displaying the applications and operation information in several languages.
