

# Fluxaf Graffi-Clean

Fluxaf Graffi-Clean is a powerful and user-friendly graffiti remover specifically developed to effectively remove graffiti from various surfaces such as walls, facades, metal, and glass. This formula removes paint residues without damaging the surface, making it ideal for use in public spaces and urban environments. Fluxaf Graffi-Clean works quickly and thoroughly, and can be used both indoors and outdoors, providing a reliable solution for removing unwanted graffiti, as well as markers and stickers.

## To be used against unwanted contaminants:

- Chewing gum
- Posters/placards
- Pen, felt pen and crayons
- Different types of graffiti, made from:
  - Oil and alkyd resin paints.
  - Latex and similar paints.
  - Stoving and 2-component paints.
  - Acrylic based paints.
  - Aerosol paints of, among other things, car and leather paint.

## Instructions:

1. Shake the bottle well to ensure proper mixing of the contents.
2. Spray the product generously onto the surface to be treated.
3. Let the product sit for 5-10 minutes, depending on the severity of the graffiti. For stubborn stains, longer soaking time may be required.
4. If necessary, use a brush or abrasive pad to gently scrub away the graffiti. For larger or heavily soiled areas, a scrubbing machine may be helpful.
5. Thoroughly rinse the surface with plenty of water to remove all product residues and the removed graffiti.
6. For stubborn graffiti, you can repeat the treatment until the desired result is achieved.

*Attention! Always do a test area first to see if you get the desired finish. Results can differ per wood or surface type.*

## Cleaning:

The cleaned residues (paint, etc.) must be disposed of as (small) chemical waste, according to local government rules and regulations.

## Available quantities:

500 ml.

## Shelf life:

Store the product in a cool, dry place. Keep out of reach of children. Wear protective gloves during use to prevent skin irritation. Avoid contact with eyes. In case of eye contact, rinse immediately with plenty of water.

## Safety advice:

For extensive safety information, consult the MSDS.

MSDS can be downloaded at [www.fluxaf.nl](http://www.fluxaf.nl).
